Rebecca was asked about the property at 619. At this point Rebecca feels that they need to receive citations for the work being done without permits.

Ordinance updates – Renee Capano suggested that we take little sections at a time. Rebecca feels that might be problematic. She suggests that we get a professional company go through the

ordinances to see what is truly current and in force. After that, David Dahlstrom could be utilized to help update codes. Ursula feels that we need to go for a codification. Ken Confalone suggested that the recommendation go to the Board of Commissioners for a codification. Planning and Zoning recommends to the Town Commissioners that an updating occur (recodification) of the current town planning and zoning ordinances currently on record to clarify duplications and changes that have been made over time. Seconded by Tom Durange. Approved 4-0. Ursula will write the letter.

The next steps would be ordinance update and charter update.

Ken Confalone moved, seconded by Renee Capano to adjourn the meeting. Approved 4-0.

Debbie Myers, Town Clerk
