Old Business

16-34 Wellwood 523 Water Street, stamped patio Still needs to provide storm water plan

16-45 C. Elmer, 332 Caroline Street, carport over existing driveway, Denied Historic Commission Approval. They continued to work after the stop work order was issued. They have not come in for a permit application. Rebecca will explore with the county what the next course of action will be, because Historic would not approve without a list of materials and not enough information on the application. The issue at this point is building without a permit. Ken moved to do nothing more on 16-45 until all fees are paid, seconded by Ursula. Approved 3-0.

Mr. Murphy and Mr. Cagle also need permits. We will follow the same rules as with Mr. Elmer.

16-52 Joe Watts 216 Caroline Street Shed new materials. The Historic District Commission has approved the change to metal instead of wood. This is merely a point of information.
