**Old Business**

- The Commissioners were presented with a proposal for a change in the employee medical coverage as well as the addition of dental coverage. This proposed plan will, at a minimum, be $4,600.00 less than we budgeted for the current fiscal year and potentially could save the Town up to $12,000.00 if all deductibles are not met. Commissioner Doss motioned for approval. This was unanimously approved 5-0.
New Business

- August Budget Review showed a large amount of income, in the general fund, generated from property taxes and state income taxes as is expected in August, however a large expenditure was made for the Trinity Woods playground project which we have not received grant reimbursement as of yet. In the special revenue fund, the expenses are slightly higher than revenues. In the utilities funds, the revenue account shows a large credit for the EDU reimbursement issued in July.

Period of Public Comment

Gophery Richardson commented on the approval of the Cecil House grant. He wanted to know about getting the house repaired to a point to just sell it. President Gell told him that there is a preservation easement on it, so there is more involved in doing work on the structure and it cannot be simply torn down.

Judy Calvert commented about the house on Chesapeake Road in Holloway Beach. She expressed concern that people are living there illegally. Wib Pumpaly said he spoke with the property owner and has verified that the house has been rented. Commissioner Letts also indicated he has been out to check the property and did not see anything. Ms. Calvert also questioned the patrol schedule, as she feels the patrol is not adequate in the Holloway Beach area. Commissioner Letts explained that we do not have a 24/7 patrol.

Allen McDaniel commented on behalf of the River Fest, thanking the Town for the donation and the help provided to Riverfest this year. He reported that they were able to cut down on their patrol hours due to the Town working with the police schedule. He also thanked the Town for providing the services of the Town Maintenance Supervisor Robert Straiton for help on Saturday. He reported Mr. Straiton also volunteered his hours on Sunday.
