## Boat Launch Parking Reinvented

If you previously launched your boat in Charlestown and then parked in the Wellwood parking lot, that is not an option any longer.

The Wellwood has closed their parking lot to boat trailers and their towing vehicles.

**FREE Trailer Parking** is located at the north end of Water Street. The entrance to upper lot B is from Louisa Lane.

**Do not park trailers in the lower lot of Avalon Park as it is used for events and recreation.** Please alert fellow boaters of the new parking location in Charlestown.
